CleaneAir Services

Vaughan, testimonial as promised. Feel free to share my contact information as a reference as well.

I recently picked up a listing that had been fully remodeled after falling into disrepair. However, even after new floors were installed, the ammonia odor of cat urine was overwhelming and pervasive throughout the home. The owner asked us to research options to address this smell and I was skeptical of all of them, including CleaneAir Services. However, CleaneAir Services was the only company to offer a 12 month guarantee as well as one of the more competitively priced offers we received. When I met Vaughan and saw his equipment and discussed the odor elimination process, I was even more skeptical. However, the following day, after 24 hours of treatment, I can tell you I was literally stunned at how well Clean Air's equipment worked in completely eliminating the cat urine smell. The odor treatment was a complete success and you can count me among Vaughan's many converted clients.

– Jim Meyn, REALTOR
